Json,

Could you post this public notice to the EPA website?

This was my first public notice and I assumed if I uploaded the notice into Lotus Notes it would become publically available, but Missy informed me it needs to be posted separately.

Thanks,

Amy and Darla,

Thanks a ton for preparing the cover sheet and public notice! Attached is the docketed CCCA and final public notice which is ready to be posted to the EPA website. (If you can't read the date on the public notice I'll print another one).

I'll be posting these to Lotus Notes before the end of the day so they'll be available to the

public.

Just a brief reminder, when the public comment period is up, one of you is responsible for contacting OCPI and the RHC to end the comment period. If no comments have been received by the RHC, the Final Order will be prepared and signed by the RJO, initiating the agreement.

Let me or Missy know if you have any questions as this goes on.

Thanks!
